PROFESSIONAL SUMMARY

B.Tech IT student with expertise in Full Stack Development (MERN & PHP) with 3+ projects done. Proficient in JavaScript, React, Node.js, MongoDB, and PHP, having experience with UI/UX designing using Figma. Interested in developing responsive, user-friendly web applications. Willing to learn new technologies and contribute to real-world software solutions.

EDUCATION

B. Tech Information Technology	2023 - Present
Sri Shakthi Institute of Engineering and Technology – CGPA 8	
HSC , Government Boys Higher Secondary School	2021 – 2023
Cuddalore - 76%	

PROJECTS

SIET Laundry

- **Tools & Technologies:** HTML, CSS , JavaScript, PHP, MySql ,UI Design
- **Description:** **SIET Laundry Management System** Designed and developed a hostel laundry management system to organize daily student laundry scheduling and tracking. The system records slot-based submissions, monitors usage, generates reports, and sends notifications to ensure a transparent and efficient process.

FarmArise – Smart Agriculture Platform

- **Technologies Used:** React Js, Express Js, Node Js, MongoDB, Tailwind CS
- **Description:** A full-stack agriculture platform that connects farmers, buyers, and agricultural workers in a single system. It provides detailed crop information including soil suitability, cultivation process, investment estimation, and expected profit analysis. The platform eliminates middlemen by enabling direct farmer–buyer interaction, includes worker appointment management, daily market price updates, and real-time crop progress tracking.

Outcome Based Education

- **Technologies Used:** React Js , Express , Node Js , MongoDB , Tailwind
- Built a MERN web app to automate OBE calculations, including CO-based IAT, Assignment, and End semester mark processing. Implemented automatic attainment calculation, NBA level mapping, and CO–PO mapping. Reduced manual spreadsheet work and improved accuracy for faculty evaluation.

SKILLS

- | | | | | | |
|--------------------|------------|---------|--------------|---------|-------|
| • Java Programming | JavaScript | MongoDB | Tailwind CSS | UI & UX | MySQL |
| • HTML & CSS | Express Js | Node Js | React Js | PHP | |

RELEVANT COURSEWORK

- | | | |
|----------------------------------|-------------------------------|-------------------------------|
| • Data Structures and Algorithms | • Object-Oriented Programming | • Database Management Systems |
|----------------------------------|-------------------------------|-------------------------------|

CERTIFICATIONS

- **UI/UX Design Workshop – GUVI**
Completed a hands-on Figma workshop focused on user interface design, wireframing, prototyping, and user experience principles.
